## MEMORIAL DAY.

Tomorrow will be Confederate Memorial Day in Alexandria and also the 49th anniversary of the occupancy of the city by the federal troops and the departure of the Confederate army. The day will be properly observed as has been in the custom for many years past. In the morning committees of Lee Camp, of the various auxiliary societies and of the churches will visit the graves of the Confederate soldiers buried there. The Confederate monument and the mound in the Christ Church yard where the remains of a number of Confederate soldiers rest will also be decorated.

At 5 o'clock in the evening the members of Lee Camp, and of M. D. O. Camp, Sons of Veterans, and the Alexandria Light Infantry, headed by a band, will assemble at Lee Camp Hall and after a short parade will proceed to the Confederate monument at the corner of Washington and Prince streets, where appropriate exercises will be held.

Commander W. A. Smoot will be master of ceremonies, which ceremonies will consist of a prayer by Chaplain Wooddy, singing by a choir composed of members of the several church choirs of the city and others, and an address by Hon. C. R. Thomas, of North Carolina.

The line will then reform and march to Christ Church yard where the mound will be strewn with flowers and "taps" will be sounded.

Lee Camp Hall will be open all day for the reception of flowers which the citizens are requested to donate for the occasion.

Tonight those who intend taking part in the memorial exercises are requested to meet at Lee Camp hall for practice.

The line of march will be as follows: Form at 5 p. m. on Prince street; right rear on Alfred, will move up Alfred to King, up King to Payne, down King to Fairfax, Fairfax to Prince, up Prince to the monument.

## CHARGED WITH HOUSEBREAKING.

Policemen Beach and Rawlett about one o'clock yesterday morning while passing the residence of Mr. J. E. N. Deakins, southeast corner of Prince and Henry streets heard a noise from within which led them to believe some person had entered the house, which is furnished but not occupied at present. The officers entered the yard when two young men ran by them and escaped. A third young man, however, who was on the premises, was not so fortunate, and he was caught by the officers. He proved to be Arthur Burns, 17 years old. The prisoner said the two youngsters who escaped were James Harrison, 16 years old, and Lee Drowns, 24 years old. Officers Beach, Rawlett, Knight and Reid later arrested Harrison and Drowns. They were in their beds when the officers found them.

An examination showed that entrance to the house had been effected by breaking the sash in a window blind in the yard. The police found on the sidewalk and in the yard a number of articles, which they believe were removed from the house by the trio. Among the articles were books, a suit case, a ball-eye lantern, a clock, a saw, shoes and umbrellas. Burns gave bond for his appearance and was released, and Harrison retained Mr. F. P. Russell to defend him.

Burns and Harrison refused to make statements when brought before the Police Court this morning. Drowns, upon being asked if he desired to say anything, said Burns had asserted that he (Drowns) had a bad name, and he would "put it on him."

They were held for the grand jury in the sum of \$1,000 each.

## ORACLE ROLL DAY.

The Sunday school of the First Baptist Church celebrated its oracle roll day yesterday afternoon at the school room. The oracle roll is the foundation stone of the Sunday school edifice. It is the true "infant class" of the Sunday school. Its rapid growth and popularity has shown what a useful adjunct to the school a oracle roll can be. The attendance yesterday of babies was very large, and the following programme was carried out: Hymn; "Oracle Roll Prayer," by Margaret Bolton and Mary Fink; solo, Beatrice Ayers; recitation, Audrey Williams; hymn; "Talk to the Mothers," Rev. J. T. Watts. Sunday school secretary of Virginia. Following was the roll call. As each baby's name was called it was preceded with a potted flower. A prayer was then offered by the Rev. W. F. Watson and a hymn and benediction followed. The superintendent of the school presided, assisted by Mrs. Kate Saunders, superintendent of the oracle roll department. This welcome service to the babies and their parents was well arranged and successfully carried out. During the service a number of babies names were added to the roll.

Among the prisoners in the dock to the Police Court this morning were Mary Myers and William Level, both colored. They had been arrested by Officers Talbot, Sampson and Roberts, charged with fighting. The row took place in a house near the Southern Railway depot Saturday night. According to the evidence, Level struck the woman and she, in retaliation, broke a pitcher over his head. They were fined \$5 each.

## Sixty-first Congress.

SENATE. Senator Clark (rep. Wyo.), was in his seat today after a two weeks absence made necessary by a surgical operation.

The annual debate on the question of authorizing two battleships in the pending naval appropriation bill was resumed in the Senate today. An amendment offered by Senator Burton to strike out one battleship is pending.

Sensor Perkins (rep Calif.) said it was advisable to make the appropriation without any reference to the cost. He had carefully investigated the statement made by Senator Olney (dem. Ga.) that each vessel would cost from \$16,000,000 to \$18,000,000. The highest estimate Mr. Perkins could find was \$23,000,000 for both ships. He said the money would be distributed among the miners, lumbermen, manufacturers and working men and none of it would be lost.

The advisability of constructing two battleships was urged at some length by Mr. Perkins.

The expediency of authorizing two new battleships was urged by Senator Lodge. He admitted the cost to be heavy, but said it was in the direction of economy. Money expended for the national defense, he said, was the true economy.

Sensor Lodge declared that the abolishing of the navy would mean war within a short time. Its strength is the best guarantee of peace. He would favor its abolition if it would bring universal peace. He believed in disarmament, but it must be international and not piecemeal.

Sensor Dooliver asked why Mr. Lodge believed a general disarmament of arms and navies would come in the future.

Sensor Lodge replied that the increase of civilization, the pressure of public opinion and the staggering burden of taxation would eventually bring a limit to armament. It would come gradually.

Further increase of the naval estimate was opposed by Senator Clapp who believed the limit of size and expense had been already reached.

Sensor Clapp condemned the talk of war with Japan and declared that the latter had no hostile intentions. The United States might bully Japan into war, he said, or it might bully some weaker nation into war, but no nation in the world was disposed to attack the United States.

## HOUSE.

The Fitzgerald point of order against the tariff board provision of the Sandy Oil bill today precipitated a fight in the House which held up consideration of the bill, for hours. Mr. Fitzgerald held the appropriation creates a board and that under the rules of the House limiting appropriations to those made to carry out "existing legislation" it is not allowable.

## Charged with Bigamy

Suffolk, Va., May 23.—Two marriages one for love and one said to have been influenced by the desire for material gain, two separations and an arrest on the charge of bigamy are the rather unusual experience of 17-year-old Mrs. Wilfred Rhodes, who is being held for the grand jury on the complaint of husband No. 1.

The young girl, who resides with her parents near Backhorn, this county, was first married when only fourteen years old, on February 10, 1907, to Joe Wilfred. This was a love marriage, and it was not a happy one, and two years later, in August 1909, she eloped to North Carolina with Preston Rhodes, a young man of considerable means whom she is said to have married.

This match, too, proved a failure and the girl returned home a few days later and took up her residence with her parents. News of her second marriage venture did not reach the ears of her first husband until Saturday. He immediately swore out a warrant for her arrest and she was given a preliminary hearing this morning. Mrs. Wilfred-Rhodes expresses herself as "disgusted."

## Duels.

Paris, May 23.—Lieutenant Immanuel de Lesseps, second son of the late Ferdinand de Lesseps, the canal builder, and uncle of O. G. Jacques de Lesseps, who last Saturday flew in an aeroplane across the English Channel, was seriously wounded in the second round of a pistol duel today in the Parc des Princes with Count Polignac. The cause was a quarrel over a woman. Two other duels, both bloodless, were fought today, between Jean Sala, a Spanish painter, and Max and Alex Fischer well-known humorists, and amateur painters of Paris. Sala created a sensation last week by shooting holes in several pictures in the salon exhibit, being aggrieved because his own pictures were hung in dark corners. Among the pictures that he fired were those submitted by the Fischer brothers. The Fischers demanded satisfaction according to the code and Sala readily consented.
